

Part Number: 012N8892-61

Part Description: No. 5 and 6 Wing  
Inboard Leading Edge Slat Assembly

## Specifications

|                              |                              |
|------------------------------|------------------------------|
| Product Families:            | Flight Controls and Surfaces |
| Product Group:               | Slats                        |
| Part Number                  | 012N8892-61                  |
| Root Part Number             | 012N8892-XXX                 |
| ATA Chapter 2 Digit          | 57                           |
| ATA Chapter 4 Digit          | 57-43                        |
| ATA Chapter 6 Digit          | 57-43-38                     |
| MFR / Manufacture -CAGE Code | Boeing                       |
| Application                  | B757                         |

## Repair

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| Part Number          | 012N8892-61                                         |
| Description          | No. 5 and 6 Wing Inboard Leading Edge Slat Assembly |
| Repair Manual- CMM   | CMM                                                 |
| Bench Check & Advise | Yes                                                 |
| Repair               | Yes                                                 |
| Overhaul             | Yes                                                 |
| Repair Facility      | Miami Lakes                                         |

## Logistics

|             |                                                     |
|-------------|-----------------------------------------------------|
| Part Number | 012N8892-61                                         |
| Description | No. 5 and 6 Wing Inboard Leading Edge Slat Assembly |
